Cases 13-CB-217959, 13-CB-220319 and 13-CB-228165

Dear Mr. Barber:

This letter acknowledges receipt of Respondent's Motion to Accept Filing of Exceptions and Brief in Support of Exceptions to the Administrative Law Judge's Decision. As noted in your motion, on October 25, 2019, I sent a letter (based on information in our electronic docketing system) rejecting your Exceptions and Brief in Support as untimely filed. Your motion asserts that the documents were timely filed; in support, you attached a personal declaration and confirmation pages and emails generated by the Board's E-filing system showing that the documents were filed on October 24. Your motion posits that perhaps recent changes in the E-filing system created the timing discrepancy.

Upon further investigation and consultation with our technical support team, it appears that recent changes in the E-filing system did create the timing discrepancy and that your Exceptions and Brief in Support were timely filed as represented in your Motion. Accordingly, your motion is **GRANTED**. The Executive Secretary's Office has now accepted the filings and your Exceptions and Brief in Support will be forwarded to the Board for consideration.

Very yours truly,

/s/ Leigh Reardon
Associate Executive Secretary
